

We wrote the book on training!

For more than 20-years, AlcoPro has lead the way in providing best-in-class training to drug and alcohol testing professionals, long before the DOT mandate. Our goal today is to equip you with the most thorough training when and where you need it. If you do not see a course, class date or location that fits your busy schedule, we will be happy to discuss alternative solutions, including web-cam and onsite training, or training on other instruments. Call or email training@alcopro.com to register or discuss your training needs. Visit www.alcopro.com for updates to the training schedule.
