Alcohol and the Workplace

Sobering Facts

- 24% of workers reported drinking during the workday at least once in the past year.
- 11% of workplace fatalities are alcohol related.
- 16% of Breathalyzer tests detected alcohol in Emergency Room patients injured at work.

An Ounce of Prevention...

- Develop and monitor an alcohol testing policy for all employees (DOT alcohol testing regulations are the gold standard).
- Train and certify key safety or HR personnel to become Breath Alcohol Technicians, a cost-effective preventative solution.

When drug and alcohol testing is your responsibility, trust the company with over 30-years of providing professional quality products, training and fast, reliable service.
